technology to maintenance processes and
customer relationship management, digital
business solutions offer ways to work more
efficiently and reach results that would
never be possible with traditional means.

Our mission at this course is to give you
the tools to understand the exponentially
changing global business environment.
The course is a combination of expert
lectures, peer learning and applying
knowledge in real business cases.

According to our alumni, sharing
experiences with a global cohort and
creating solutions for the business cases
are their favourite parts of the course.
Experience Aalto University, update your
skill set and prepare for invigorating
international encounters!

Looking forward to seeing you in July!

It may sound like a cliché, but the course has truly exceeded all my expectations. It was well-organised, and the communication between lecturer and students as well as among the students during our group projects was flawless. The general atmosphere during the lectures was easy-going and the main part of the focus lay on interaction, which helps you remember what you've learned."
